Monitoring Period (e.g. 6/1/2019-9/30/2019, etc.):

Comments:

The supplier named above hereby certifies that its lead consumer notice has been provided to each person it serves at the specific sampling site from which the sample was tested for community water systems by mail, hand delivery, or an alternative Department-approved method, or for non-transient, non-community systems by posting in a common area or an alternative Department-approved method.

The supplier also certifies that these results and the following information were provided **within 30 days**** of receiving the test results from the laboratory that included:

1. The lead tap sample result(s) for the tap that was tested.

2. An explanation of the health effects of lead (<u>includes all required language</u>).

3. Steps that consumers can take to reduce their exposure to lead in drinking water (<u>includes all required language</u>).

4. Contact information for the supplier.

5. The lead action level, lead MCLG, and definitions for these terms (<u>includes all required language</u>).

** If lead consumer notice was not provided within 30 days of receiving the test results from the laboratory, the supplier is in violation. Check here ☐ to self-report a violation.
